ABOUT TOWN It was misty Milam County early this week with fall-like rains dampening things everywhere we went.

The rain didn't seem to deter the crickets too much, though their on slaught has diminished with cooler night-time temperatures.

Downtown Cameron was rather a quiet place with the exception of cotton pickers who were out of the fields because of the rain.

But spirits ran high among Cameronites with a winning football team at home awaiting the invasion of the Brenham Cubs for the home season opener.

Eddie Dodson gained renewed faith in his fellow man this week with the return of a tackle box he lost in December, 1957, at Port Aransas.

The man who found the tackle box returned the tackle box some nine months after it was lost. Dodson was unable to explain the delay in its return, but back it came this month.

He presumes that the finder discovered Dodson had placed an ID card in the bottom and forwarded tackle and box to Dodson.

Dodson, to say the least, was happy to acknowledge the return of his fishing gear with a reward by return mail.

Faith in fellow man is oft times tested to the bursting point. But it seems that it is generally rewarded with fairness and appreciation in return. Somehow the fellow who goes against the grain of the "easy way out" is usually the winner for his trouble.

TURNING THE CORNER — Halfback John Wayne Josey (22) eyes Rockdale tacklers Daniel Yezak (25) and Edwin Freeman (14) during a sprint off tackle Friday night at Tiger Field. Cameron

won the hard fought contest 6-0 on a 45-yard pass play from QB Jesse Kirk to end George Zarosky. Josey was stopped after about an 8 yard gain on this play.

Jaycees Boosting Train Tickets, Draw Endorsement Of C of C

The Cameron Junior Chamber continued to work on the Jaycee Bellville train due to leave Cameron 5:30 p.m. Friday, October 10. President Bill Crockett said that tickets were available through the membership of the Cameron Jaycees or at ticket centers in Childress Insurance Agency and Caperton 5 & 10.

Officials at Bellville have reported that the train station is only a short walking distance from the Santa Fe depot in Bellville and Yoemen boosters will not have to board buses to the football field.

Chamber Endorses Train
The Chamber of Commerce

board of directors endorsed the train in a meeting Friday and approved a resolution calling for Chamber members to close at 5 p.m. October 10 so that store owners and employees could make the trip.

Plans were pending for a second football bonfire-rally at Lawless Green Thursday night, October 9, the day preceding the game with Bellville.

In other activities for the train, Crockett said that banners designating downtown ticket centers were being painted this week. Posters and other promotion material were posted throughout the city.

Thus far, only 700 tickets are available for the football train to Brenham, Crockett said. Approximately 700 fans made the football train trip to Brenham last September.

State highway officials noted that roads to Bellville were in various stages of construction and that safe driving to Bellville meant about a two and one-half hour trip. The train will make the trip in about one hour and 40 minutes.

Last year, road construction was also underway between Cameron and Brenham and driving was termed hazardous by state patrol officials.

Tickets will cost \$2.50 for adults, \$1.50 for children 6-11 inclusive. Children under 6 may ride free. The Cameron school board has endorsed the train and granted permission for the 100-piece Yoe High School band to make the train trip.

The downtown pep parade and bonfire-pep rally will be under the supervision of the Cameron school system and the Jaycees. A number of official units, the band and other vehicles are expected to participate, Crockett said.

RC Bloodmobile Due In Cameron Friday For Regular Visit

The Red Cross Blood Mobile will be in Cameron Friday from 12 noon to 6 p.m. in the basement of the First Presbyterian Church, according to Richard Moseley, city chairman.

The quota announced for the Cameron area is 70 pints. Moseley stated that Cameron had drawn an exceptionally large amount of blood from the Red Cross Blood bank during the past few months. He added that one patient had received 31 pints of blood recently.

Dr. C. G. Swift will be in charge of scheduling local doctors during the afternoon and Mrs. F. E. Jackson is in charge of clerical assistants and canteen personnel.

Elliott Recovering From Disease Attack

Bobby Elliott, popular 1958 YHS graduate and freshman athlete at Del Mar Junior College, is recovering from an acute attack of encephalitis today.

He was stricken September 10 in the gymnasium at his college prior to dressing for an early morning football practice.

Elliott's parents, Mr. and Mrs. Ernest Elliott, drove to Del Mar last week following word of the attack.

Young Elliott was stricken by the disease and was not injured in football practice, friends of the family said.

Public Hearing Set For Tonight On City Budget

The proposed city budget for 1958-59 will undergo final scrutiny tonight in a public hearing at 7:30 p.m.

The \$133,877 budget contains a record allocation for public improvements ranging from a \$12,500 carry-over budget for curb and gutter on US 77 to a \$1,200 street sweeper allowance.

Mayor Bassel Wilson's budget letter noted that his budget contained about \$10,000 more this year because the "increase is in the budget for streets, parks and sanitation systems, all items sorely needed."

The budget also includes a carry over fund of \$39,845.41 from the budget year 1957-58.

Wilson's proposed budget earmarks \$38,560 for improvements of public property and city equipment.

Other major budget items include: police department, \$14,795; fire department, \$5,435; recreation department, \$4,400; and operating expenses, \$3,164.

Income is anticipated from \$76,323.24 in taxes and \$61,540.72 in collections from various departments of the city government.

The assessed tax rate is \$1.60 per \$100 valuation on city property valued at \$5,300,235.

Student Total Nears 1,500 Mark In City

Actual school enrollment at Cameron public schools totaled 1,490 students, according to Supt. Wiley Loughmiller.

The total included 360 students at Yoe High School, 415 at Ada Henderson School and 285 at Ben Milam. A higher total is expected when all students are enrolled, he said.

At O. J. Thomas School, total enrollment was 430 students.

Three Win Rounds In CCC Tournament

Three more winners advanced in the Cameron Country Club men's golf tournament Sunday.

Ed Manning defeated Bill Wallace while Carrol Henry defeated Bartoe Jackson. Darby defeated George Fall in other match play.

Jerry Rice will meet Dr. C. G. Swift in tourney play Thursday. And Darby will meet Joe Vhalis Saturday.

Frank Reed also defeated Fall in play Sunday before last.

Sewage Operation Starts

The City Council Tuesday night announced that the city sewage disposal plant went into operation Tuesday.

A representative of Joe J. Rady Co., consulting engineers from Ft. Worth, told councilmen that the \$174,623.50 project was operating efficiently except for a few operational "bugs."

Councilmen also approved a first reading of an ordinance clearing the way for the widening and construction of new US 77-SH 38 from the east city limits to the intersection of W. Fourth St. and N. Travis St.

3 Sites Abuilding

Construction continued at three sites in Cameron this week though rain interrupted scheduled work Tuesday.

And officials at Walled Lake Door Co., Cameron, announced the completion of a 40 by 220 foot warehouse at the plant site northwest of Cameron.

Brickwork continued at the education building of the First Methodist Church. The outside walls of the \$60,000 structure were about complete and workmen were doing preliminary work on the ceiling.

Just one block north, construction continued on a new restaurant - service station being constructed by Robert Wells, Cameron businessman.

In West Cameron, the \$110,000 National Guard armory had a foundation almost complete and workmen were starting on the sides of the structure.

Other recent construction included remodeling of the front of Hornung Hatchery offices in downtown Cameron. And residential remodeling was continuing at a number of households in east Cameron.

Company officials at Walled Lake Door Co. noted that workmen were on a 10-hour schedule to keep up with orders.

Cameron B Team To Meet Brenham

The Cameron "B" team will meet the Brenham team in Brenham Thursday night.

The team has about 30 boys out, among them an outstanding backfield and defensive team.

Starting at halfbacks will be either Bobby Grant, 160 pound freshman speedster, Chris Gay, 140 pound freshman who also sees fullback action, Earl Morgan, 135 pound sophomore, also plays quarterback and will be spotting with Pat Dillon, 130 pound sophomore.

Gerald Bowen, 130 pound junior, will be at one halfback throughout most of the game despite a leg injury suffered last week.

Elzie Warrick, 160 pound sophomore, or Gay will be at fullback for the "B" squad.

The team has an outstanding line manned with young boys, Bobby Hillman, 165 pound freshman, Billy Joe McQueen, 165 pound junior, Jimmy Camp, 160 pound junior, and Lenwood Ruback 155 pound sophomore are the mainstays in the line.

Seeing action at center will be Jimmy Edwards 140 pound freshman. Other outstanding freshman are showing promise for the future are Stanley Kirk, Jamey Pernice, Charlie Krenek and Mike Todd.

The biggest surprise to the team has been the speed and outstanding end carrying Douglas Parker at halfback, who is one of the fastest boys on the team and is able to break away with the long run at any time.

Juan Gonzales will be seeing plenty of runners coming at him in the defensive guard position and so far has given an excellent performance in that position.

The team is coached by Bill Krueger and assisted by Billy Joe Michalka. The team has 2 boys

playing whose brothers were two of the outstanding Yoemen last year in Bobby Hillman brother of Gene. Bobby will be heavily counted on the next 4 years.

Pat Dillon, starting quarterback, is a brother to all-state fullback Guy Dillon.

Mild Showers Dampen Cotton, Late Maize Crop

Mild showers totaling about one inch fell generally in Milam County early this week, dampening, but not damaging late maize and the county cotton crop.

County Agent J. D. Moore said that possible damage might result to defoliated cotton awaiting mechanical picking.

But he said that the rains did not appear heavy enough to splash soil on the cotton bolls.

He indicated that late maize may be helped by the steady rains. Officials said about 90 per cent of the maize crop was harvested.

Moore said the rain was about two weeks early but would be good for fall oats and cattle grazing pasture.

The rains did interrupt the corn harvest in some sectors of the county, he said.

He emphasized that the rains would not tell anywhere near the damage to cotton suffered during September, 1957, rains. The Little River and some tributaries overflowed last fall, destroying hundreds of bales of cotton.

Overflow Crowd Expected Here In Home Opener

A gridiron tradition will be renewed Friday night at Yoe Field when the Brenham Cubs collide with undefeated Cameron.

The first home game of the season is expected to attract an overflow crowd. Kickoff time is 8 p.m.

Brenham Coach Tommy Mims is expected to bring a spread of offense to Cameron, built around junior quarterback Jim Linnstaedter and 211-pound fullback Frank Fox.

Brenham used the spread effectively last Friday to upset favored A&M Consolidated 14-0, in Brenham's first game of the season.

Cameron Coach Jim Speer told The Herald.

Cameron's lineup will remain substantially the same, Speer said, except that sophomore Ed Lierman will start at right half in place of John Josey.

Raymond Tepera, who along with George Zarosky, rocked Rockdale backs throughout last Friday's game, will be in the lineup despite a knee injury suffered at Rockdale.

All-victorious Cameron is in good physical condition, Speer said. Brenham will bring a starting lineup averaging 170 pounds, including Fox, the 211-pound fullback, and T. C. Kolkhorst, a 186-pound center. The Yoemen lineup averages about 163 pounds.

Linnstaedter was instrumental in Brenham's win over Cameron last year along with speedster Calvin Janner.

A scouting report given at the Monday Quarterback Club meeting noted that Brenham will bring both the standard T-formation and a spread offense similar to one used by Texas Christian University in years past.

Probable starting lineups are:

Brenham's Next! Cubs, Yoemen Meet Friday At Yoe Field 8 P.M. Cameron's First Home Game

THE STAGE IS SET

The Brenham Cubs, fresh from a 14-0 blanking of A&M Consolidated, will try to make it three in a row over the Cameron Yoemen.

This traditional battle will bring a record crowd into Yoe Stadium for the Yoemen's first home game. And the Yoemen are planning to boost their season record to three straight wins.

Both squads are undefeated as they were last fall before the Cubs defeated Cameron 26 - 12 at Brenham. But it looks like a toss-up this Friday with a good edge for the Yoemen playing on their homefield.

It's sure to be one of the top Yoemen games of the year. And the Yoemen need your support. We'll see you there.

MILAM COUNTY'S FARM SCENE

County Agent Reports

Early Cotton Stalk Destruction Will Pay

By J. D. Moore,
County Agent

Early, thorough destruction of cotton stalks has proved its value in bringing about yields and profits for cotton farmers. This practice pays each individual farmer, the community and county. New type shredders and cutters are now available to aid in this program.

Advantages of early cotton stalk destruction are:

1. Large populations of pink bollworms are prevented from carrying over into another year. Cotton stalks should be destroyed immediately after harvest and as early as possible. The principal means of controlling the pink bollworm is by cultural practices. Preliminary research has shown that when cotton stalks are destroyed with a shredder type cutter while ground temperatures are still high, a large percentage of the bolls are broken open by the shredder. This results in a very high percentage of the worms being destroyed by the high ground temperature. As the fall season progresses the per cent mortality of the worms decreases as the ground temperatures are lowered.

2. Reduces the number of boll weevils that live through the winter to infest cotton next year. Weevils feed on green cotton. Destroying the stalks early means forcing the weevil into a starvation period and into earlier hibernation. Weevils thus forced into early starvation and hibernation, stand little chance of living through the winter.

3. More Dead Weevils are the result. The longer the period of time between stalk destruction and the first frost the greater will be the kill. Few weevils survive the winter when stalks are killed a month before frost.

4. Individual farms will benefit. Much more benefit will result if stalk destruction is done on a community or county-wide basis.

5. Highest quality lint is obtained. Early harvest, necessary for early stalk destruction gives higher grades of lint because of reduced weather damage and brings a higher price.

6. Green cotton stalks shredded and plowed under early is a good soil improvement practice. Adds organic matter, conditions the soil and increases water holding capacity.

7. The stalk residue problem is reduced. Makes way for rotary hoe and other mechanical equipment. Chopped-up material will decay faster and insect hibernation quarters are reduced.

8. The weed and grass problem for the next year is reduced. Less weeds and grass "go-to-seed" in the field. The seed are prevented from ripening.

9. The land is prepared for winter cover and soil building crops—Winter cover crops give best results if planted early.

According to the latest report from the Plant Pest control Division, U. S. D. A., pink boll worm infestations are generally light over most of the state.

Deadline for destroying cotton stalks in Milam County is November 30.

Why Tortrate Rats

Rats and mice are the only animals in the world that are both harmful and useless to mankind. Most anyone would agree that these pests should be controlled as they destroy feed, damage buildings, ruin home furnishings, and carry both human and domestic animal diseases.

While control is often a problem, there are some fundamental things to remember when planning a control program. These are:

1. Use traps in the house and chemically treated bait in the barn.
2. Clean up old junk piles, trash heaps, stacks of old boards and anything else that might offer protection and shelter.
3. If rats and mice enter a building through a hole, close it and keep it closed.
4. Watch for new rats and mice and go to work on them immediately.
5. Get plenty of bait and never let the bait feeders stand empty.

New Roadway Surface . . .

Our congratulations to the officials of the state highway department and the city who were instrumental in getting US 77 north resurfaced in such short order last week.

We would like to see equal dispatch in widening and constructing the US 77 stretch from the underpass to west North Travis.

It is a real pleasure to drive down a smoothly surfaced roadway that only days before was rather rough hewn.

The co-operation that put down that US 77 surface so quickly will reap safe driving benefits elsewhere in Cameron when the projected US 77-Fourth St. stretch is widened and surfaced.

Only utility poles of Southwest Bell Telephone Co. are left to be moved. Then construction can go ahead.

City and utility workmen have been hard at it to make the necessary moves of gas, water and utility lines, clearing the way for roadway construction.

We hazard the prediction that Cameron residents will seek city-wide streetway improvements once they realize that worn-out streets can and will be fixed.

The proposed city budget for 1958 - 59 also includes monies for street signs, including stop signs which are an obvious need at intersections throughout the city.

Then there are funds set aside for storm sewers and a street sweeper, all fitting into modern requirements for better streets.

It all adds up to a brighter, safer horizon for drivers on Cameron streets. And these improvements mean basis for pride in Cameron's improvements, not despair in her shortcomings.

THE LITTLE RIVER PHILOSOPHER

Sage Wants Same Treatment
Which Mysterious East Gets

Dear Editor:

People are always talking about the ignorant toiling masses in other countries, but I have about come to the conclusion they may be smarter than we think.

For instance, I was reading in a newspaper last night about the Mysterious East, how over there what's known as saving face is very important, and other countries, especially us, have to consider it very carefully. It's a delicate matter.

Say Red China has taken a few islands away from Formosa and it's up to us to see that she gives them back, although it's not quite clear in my mind why the job always has to fall to us. You never hear anybody saying it's Mexico's turn to solve the Middle East problem, or Spain's, or Switzerland's. It's always us.

At any rate, before we can do it, we've got to figure out some way for Red China to save face without losing face, because if you solve a problem and cause a country to lose face, the solution is worse than the problem.

This is something we don't understand over here, and it's a shame.

Say I owe the bank some money and the note comes due. Is the bank interested in me saving face? Do the directors go into a summit meeting and say, How can we handle this most delicately?

Say your taxes come due and they're bigger than you expected and you don't have the ready cash on hand. Is the government interested in your face? What happens if you miss the third installment on your television set?

I'll tell you, them Mysterious East people have out-thought us on problems like these. Holding something that belongs to somebody else is a serious matter, all right, but not enough people in this country appreciate this face-saving business. The Mysterious East has maneuvered the thing around to where, if an installment payment comes due on a set of harness for a pair of oxen, it's the store owner that has to do the bowing and scraping and apologizing, not the fellow that's behind with the payment. That's the kind of system we need around here.

I will appreciate you referring hereafter to my farm as the Mysterious Johnson Grass Farm, and I hope every store in Cameron will

Capital Report

1958 Party Fight Billed Harmony Meet

By Vern Sanford

Texas Press Association AUSTIN, Texas—Texas Democrats now look toward 1960, the year some think they might nominate the next U. S. President.

And added to the party's tumultuous history is the 1958 Democratic convention. It was billed as a "harmony" meet, but more resembled a family reunion to fight over grandpa's will.

Gov. Price Daniel's liberal foes are hotter under their collars than ever, but despite their noisy opposition, the governor "ruled the roost" in San Antonio. And, with an executive committee acceptable to him and a platform reflecting his views, he holds the reins of party leadership for two years.

U. S. Sen. Lyndon B. Johnson and Speaker Sam Rayburn also were honored by the convention. Johnson was urged to become a presidential candidate.

Test in the struggle between Daniels supporters and the liberal DOT faction championed by U. S. Sen. Ralph Yarborough came over the selection of a presiding officer. Congressman Frank Icard of Wichita Falls, with the support of Senator Johnson, Speaker Rayburn and a comfortable majority of delegates, snatched over Corsicana Judge Jim Sewell.

But the real grudge being nursed by the Yarborough faction was over the bouncing of two executive committee nominees selected by the delegates from their districts. They were replaced, on the recommendation of the nominations committee and vote of the convention, by people regarded as more friendly to the governor.

Liberals, who haven't been "in" with a Texas governor for years, have fought bitterly against this traditional veto over the make-up of the executive committee. They feel the committee members should be like a legislature, reflecting the varying views of the sections which elect them.

Having lost out on this, as in 1956, they howled protests and finally stomped out, as before, promising revenge.

LEADERS

Jim Lindsey of Texarkana will serve a second term as chairman of the Democratic executive committee. So will Mrs. R. Max Brooks of Austin as vice-chairman. J. Ed Connolly of Abilene succeeds Jake Jacobson, the governor's administrative assistant, as secretary.

Forty of the 62 member committee are newly elected.

PRINCIPALS

States rights and cooperation within the official party framework

were stressed in the Democratic convention resolutions.

Delegates resolved against: (1) Unauthorized use of the name, Democrats of Texas, by the DOT, (2) "overstepping of power" by the U. S. Supreme Court, (3) use of military troops to enforce school desegregation, (4) state income or sales taxes, (5) excessive foreign imports and (6) federal aid to schools.

They favored (1) enactment of laws to prevent members of one political party from voting in the primary of another and (2) Governor Daniel's platform for the next two years.

REPUBLICANS AGREE

Delegates to the GOP convention had little difficulty uniting on a "Down with the Democrats!" platform.

Conservative Democrats, they declared, must join with the Republicans to keep the country from going completely socialist.

With apparent nervousness, the Republicans adopted a "kid gloves" resolution on school segregation. They recommended the "solution in Texas be left to the people, the school boards and courts within this state."

Another resolution swatted at Democratic office holders who failed to support states rights legislation in the last session of Congress.

Republicans also affirmed their approval of Sec'y of Agriculture Ezra Benson and their disapproval of federally financed hydro-electric dams.

SAME PAY, DIFFERENT WAY
Beginning this month, members of the State Board of Insurance are to be paid \$50 per working day rather than a straight \$15,000 a year.

This was Attorney General Will Wilson's ruling on a subject that was — and still is — a cause of strong feeling among legislators.

When the Insurance Department reorganization bill was being considered last session, House members strongly favored a full-time Board. Senate was just as set on a part-time Board.

Final compromise was a measure which said the Board should be full time for the first year with each member receiving \$15,000. Beginning in September, 1958, it was to become part-time with each member receiving \$50 per day. Up to 300 working days a year (worth \$15,000) was authorized.

Actually, to work 300 days out of 365 the Board would have to work Saturdays and holidays — or else give up vacations.

Story Of Cameron Business Leadership

Cameron Auto Supply Boasts The Best In Name - Brand Parts

It's Cameron Auto Supply for name-brand parts for almost any kind of auto, truck or tractor. That's the promise of Allen Dodson and Jerry Mikula, partners in Cameron's leading independent auto parts business.

Their staff includes skilled specialists George Pool and Melvin Provasek who really know their auto parts and repair work.

It is no idle claim about our parts variety, Dodson says. The list of name brand parts reads like a who's who of auto accessories and parts equipment.

And Mikula points with pride to an operation that also provides a complete, efficient parts service along with a strong lineup of parts and equipment.

Wide Selection

If you want recognized parts equipment, here are some names you will find at Cameron Auto Supply

Co. Spark plugs by AC, Champion, and Auto Lite.

Oil filter cartridges by Fram, AC, and Hastings.

Mufflers and tailpipes by Walker. Fuel pumps by AC, Airtex and Carter.

Bearing by Timpken, Hyatt and New Departure.

And other parts brands include carburetors and pumps by Carter, a complete line of Auto-Lite and Standard ignition parts and Hastings, Perfect Circle, McQuay-Norris and Ramco piston rings.

"Our customers can depend on auto parts such as Gates fan belts we stock for all cars, trucks and power equipment," Dodson emphasizes. "And they will find a complete line of McQuay-Norris replacement parts."

Factory Dealers

"We are factory service dealers

for Briggs & Stratton, Clinton Lawn Boy and Power Products, two an dfour-cycle engines," Dodson continues. "All these are recognized for quality and performance in the auto business."

Cameron auto maintains stocks of replacement parts for all these engines, he says.

In the auto accessories field, Dodson points out, we have Shaler, Resilone and Casite brands. In fact, we have tire tools, gas cans, he continues.

"And we have a good repair department to provide our customers with quick, efficient service," he says.

"We believe that Cameron Auto Supply Co. can meet any requirements in the auto parts field. We can give honest, dependable service because we know our business," Dodson concludes.

Mack's Oil Co. Keeps Services Even With Times

Keeping up with modern auto needs is part of the complete service at Mack's Oil Co. US 77 east in Cameron.

Mack's Oil Co. has a variety of auto services and competent staff of eight to carry out the complete auto treatment with Phillips 66 products.

Recently remodeled offices are only a part of continuing effort to keep the facilities of Mack's Oil Co. up to the latest in motorist's requirements in an auto service center.

A. W. McCullin, owner of Mack's Oil Co., has two other retail outlets in Rockdale and Caldwell.

McCullin, also Phillips petroleum distributor in Milam, Burleson and Lee Counties, knows that top-notch service is what customers want. And that is what they get at his Cameron service station.

His Cameron station features Phillips petroleum products including diesel fuel, motor oils and gasoline. He also sells Lee tires, the famous Gates belts, Purolator oil filters and Champion spark-plugs, all well-known brand items.

"You will find the complete service in Mack's 66 in Cameron," McCullin says. "And the same efficient, courteous Phillips 66 service awaits you at the Rockdale and Caldwell stations."

A versatile man in petroleum products and public service, McCullin also buys and sells crude oil in the Minerva field in Milam County. In fact, he points out that he began working in the oil business in Minerva in 1931, moving to Cameron in 1939.

His firm specializes in diesel and heavy oils and operates in 29 counties. His main office is in Cameron, McCullin says.

McCullin provides equally efficient service and sales at his retail outlets.

McCullin moved to Cameron in 1939 where his operation has grown steadily ever since.

The alert Cameron businessman has been as active in civic work as in his profession.

'Kings Go Forth' Tops Features Scheduled For Milam Theatre

Movies at your Cameron Theatre are better than ever, says Billy Peck, manager of the Milam and 77 Drive-In Theatres in Cameron.

"If you want first rate movie entertainment," Peck points out, "you will find more first-run pictures than ever at the downtown Milam Theatre."

Headliners

Headline-winning features coming up at the Milam Theatre include "Kings Go Forth" with top stars Tony Curtis, Frank Sinatra and Natalie Wood showing September 21-22-23, "La Parisienne" with this year's Paris sensation Bridget Bardot and co-starring Charles Boyer Sept. 28-29-30.

Friday and Saturday shows coming up are "Day of the Badman" starring Fred MacMurray Sept. 26-27, "Space Children" and Colossus of New York" Oct. 3-4.

Peck emphasizes that these top entertainment films represent typical movie fare at Cameron's downtown Milam Theatre where

the finest in refreshments and poppers are available to all moviegoers. And, of course, the Milam Theatre is completely air conditioned for your comfort.

Peck points out that the 77-Drive-In offers exceptional wide-screen entertainment for only 50 cents per adult and children under 12 admitted free when accompanying parents.

Coming up at the 77-Drive-In are such hits as Friday and Saturdays double feature "Black Patch" with George Montgomery and "Country Music Holiday" starring Ferlin Husky, Zsa Zsa Gabor and Rocky Graziano. Also scheduled at the 77 Drive-In are "Teacher's Pet" Sept. 21-22, and Walt Disney's "Snow White and the Seven Dwarfs" Sept. 26-27.

The Milam and 77 Drive-In both have good facilities with fine sound systems and wide-screens.

The 77 Drive-In screen has been completely rebuilt in the past year.

11-Year Veteran

Peck is a 11-year veteran with

the two Cameron theatres, owned by Cameron Theatres, Inc. He became the manager of the Cameron theatres in 1957, succeeding Dean White.

He is a native Cameronite and graduated from Yoe High School. He attended Sam Houston State College and Southwest State Teachers College, San Marcos, for one and one-half years.

Peck started ushering at the Milam and then moved to a projectionist position. He is married and has one son, Michael I. The Pecks live at 1700 N. Hoover.

He served 19 months in the Navy medical corps during World War II.

"The personnel and management of both theatres strive to give our customers the utmost in movie entertainment for their money," Peck adds.

"Be sure to see one of these movies coming up," Peck says. "They will prove that movies are better than ever."

Fourth Quarter Pass Nets TD Win For Yoemen At Rockdale

Kirk - Zarosky Play Breaks Tie As Ray Tepera Sparks Defense

The bell ringing Cameron Yoemen completed their second pass of the season Friday night and turned it into a game-winning touchdown as they edged Rockdale's Tigers, 6-0.

Jesse Kirk, Cameron southpaw quarterback threw a 28 yard pass to end George Zarosky in the closing moments of the fourth quarter. Zarosky caught the ball on the 23 yard line in the open, raced untouched to the goaline for the only score of the game.

The extra point pass play was incomplete from Kirk to Zarosky. Rockdale threatened to score after the touchdown. They took the ball on their own 37 yardline and after 2 carries and an incomplete pass Rhodes received a pass good for a first down and 26 yards on the Cameron 46.

Rhodes then plunged 5 yards and Paul Jenkins 6 for a first on the Cameron 35 yard line. Jenkins then went for 3 and 7 yards and another first on the 24. Rockdale managed to pick up only 2 yards on the next two plays, however Jenkins went through the center of the line for 8 yards and a first on Cameron's 14 yard line.

Guard, Raymond Tepera, who had been injured, then returned to the field limping and threw Rockdale for a 4 yard loss practically by himself. Rhodes was again stopped on the Cameron 13 by Tepera. Quarterback Paul Jenkins then called for a pass intended for Jeff Rhodes, but Cameron linemen

on the Cameron 40. After 2 yards were picked up by Scurlock, Jenkins booted the ball 23 yards.

Terry Gains 6

It was first and 10 on the Cameron 14. Roger Terry plunged for 6 yards to the Cameron 20, after no gain on the next play Carroll Fikes broke away for a beautiful 16 yard run to the Cameron 36. Fikes went around right end.

The second quarter started but Cameron ran out of downs and Kirk booted the ball 37 yards.

Rockdale took the ball on their own 21. Jenkins was thrown for a 3 yard loss on a smashing tackle by Ronald Brashear.

Jesse Kirk intercepted a pass on the 27 and plunged 4 yards to the 23 yardline.

Kirk had just time enough to throw an incomplete pass intended for Josey before Cameron fumbled and Rockdale recovered on their own 16 yardline. Rockdale also fumbled as soon as they got their hands on the ball and George Zarosky recovered for the Yoemen.

Roger Terry carried the ball to the Rockdale 22 before Kirk fumbled on the 21 and the tables turned the other way again.

Scurlock went for 5 and then Jimmy Bartlett plunged for 9 yards and a first. Scurlock carried the ball for 4 yards but only 2 yards could be picked up on the next couple of plays and Jenkins got a punt away good for 40 yards. Cameron once again fumbled when Fikes attempted to take a hand-off from Kirk.

Rockdale could pick up only 2 yards on the next 4 plays including an incomplete pass.

Fikes, Terry Gain 1st

Fikes and Terry then put together 10 yards for a first down from the Cameron 38 to the 48. Josey went through the line for 4 yards before 2 passing attempts failed and Kirk was forced to punt as the first half drew to an end. Rockdale put together 8 yards which wasn't enough for a first down as the clock ran out.

Cameron received the kick-off at the Halftime on their own 35 yardline but ran out of downs before a first down could be acquired.

Kirk got away a 20 yard punt and Rockdale took the ball on their own 39 yard line, only 4 yards were needed on 3 plays, the last one an attempted pass play. On fourth down, George Zarosky broke the Tiger defense and blocked the punt. Following him were Ernest Bayer and Herman Koronek.

Josey carried the ball to the Rockdale 29 and then was thrown

SLOW, BUT NOT WHOA — Rockdale Fullback Bill Scurlock shakes loose from a Cameron tackler deep in his own backfield and heads for open country. Another Yoeman brought him down a few seconds later after a 4-yard gain

in the third quarter. Cameron won the contest, 6-0, on a perfect pass from Jesse Kirk to end George Zarosky. Fans saw one of the best displays of defensive football in the history of the battle for the bell.

for a 2 yard loss.

Cameron then drew a 15-yard penalty and failed to complete a pass. From the Rockdale 41 Kirk punted to the 20 yard line.

Rockdale took the ball and gained 4 yards after 2 plays and Daniel Yezak got away a soaring 51 yard punt.

Cameron took the ball on their 20. Kirk attempted 2 passes and then punted to the Rockdale 28.

Mraz Intercepts

Rockdale attempted a pass on their first play and defensive half-back Archie Mraz intercepted the ball on Cameron's 39.

Fikes was the leading rusher gaining 59 yards and averaging over 7 yards per carry. Griffin Barrett was injured in the game but will be ready for this week.

Bobby Bounds and Hal Stanislaw led the Rockdale defensive team.
